CS141
Programming Assignment #1

Due Sunday, Oct 9th.

1) Write a program using Java to draw USA flag. You can draw the flag by using only two characters * and =. See chapter two of the text book for examples. You program output must be like the following:

```
* * * * * * * * * ===============
* * * * * * * * * *============
* * * * * * * * * * *============
* * * * * * * * * * *============
* * * * * * * * * * *============
* * * * * * * * * * * ==============
* * * * * * * * * * * ==============
* * * * * * * * * * * ==============
* * * * * * * * * * * ==============
* * * * * * * * * * * ==============
```

Use the file name “assign1part1.java”. Remember to include comments at the beginning of the program listing your name, the assignment number, date, and your section number.

2) Write a program using Java also to draw this keyboard.

```
T ===============|T
| ~~~~~~~~~~~~~~~~~~|T
| I __==___________  ___________     .  ,. _ .   __  T|
| I ___________________  ___________  ___________ |
| __I_I_I_I_I_I_I_I_I_I_I_I_I_I__| __I_I_I_I_I_I_I_I_I_I_I_I__|
| ___I_I_I_I_I_I_I_I_I_I_I_I____|
| __I__I_________________I__L_|
|                                         |
|________________________________________|
```

Use the file name “assign1part2.java”. Remember to include comments at the beginning of the program listing your name, the assignment number, date, and your section number.
